EACH DAY!**

## SOME OF OUR HEROES

**Honor Flight New England** joined the national Honor Flight Network in the Spring of 2009. We are an independent non-profit organization created solely to honor America's veterans for all of their sacrifices. Through generous donations we transport our heroes to Washington, D.C. to visit and reflect at their memorials **AT NO COST TO THE VETERAN.**

Honor Flight New England has transported hundreds of World War II veterans since it's inception in 2009. Passengers include 18 Prisoners of War, 6 sets of brothers, 10 women, a veteran that was blinded while serving, a Marine that served in 3 wars, participants in the Normandy Invasion and witnesses to the raising of the flag at Iwo Jima.

Some survived the sinking of their ships, others survived their aircraft being shot down.

Our oldest World War II Veteran was 94.

Our veteran heroes are not asking for recognition. It is our position that they deserve it. This Honor Flight is just a small token of our appreciation for those that gave so much.

If you know a World War II veteran or terminally ill veteran from any war that may want to accompany us, please provide them with this information.

Top priority is given to World War II survivors, along with other veterans who may be terminally ill.

**Please help us get these heroes to the memorial that was built in their honor. Your tax-deductible contribution will fulfill a wish to those that have given so much and ask for so little. For some it is "Closure".**

*Thank you to all of our veterans and their families for their sacrifices.*
